

COVERIS FLEXIBLES AUSTRIA GMBH

COVERIS Flexibles Austria GmbH is specialist in high class film production for packaging. With over 60 years of experience and know-how in film extrusion we are a technology leader in the industry. The wide range of applications for our products includes transport packaging and silage, consumer goods and foods and even the sensitive segment of medical and pharmaceutical applications.

QUALITY & SERVICE

As an industry leader, Coveris Flexibles Austria is focussed on quality. Raw materials and finished products are assessed on an ongoing basis in our inhouse lab to ensure very high quality standards. Every roll core has its own serial number, to allow easy tracing of problems.

Our application technology is of course available to you at any time.
