

Recyclability Evaluation Report

Below is a preview of the assessment currently in progress.

Organisation: Coveris

Prepared by: Adam Robinson

UK

Project

Name: Recyclapeel PE

Description: PE laminated

Reference:

Component

Skillet

Location	Technical Recyclability	Kerbside Status	Overall Result
UK	Technically Recyclable	Widely Accepted	Recyclable

Primary Material: **Cardboard**

Issues

UK

No technical recyclability issues

Lining

Location	Technical Recyclability	Kerbside Status	Overall Result
UK	Recycle with bags at larger stores	Not Accepted	Recycle with bags at larger stores

Primary Material: **LDPE (4)**

Issues

UK

Recycle with bags at larger stores.

Council Collection status legend

UK

- **Widely Accepted** = more than 75% of the kerbside population has access to a council service
- **Less Widely Accepted** = between 50% and 75% of the kerbside population has access to a council service
- **Not accepted** = less than 50% of the kerbside population has access to a council service

PREP V6.8

The information contained in this website is for general information purposes only. The information is provided by OPRL and PREP Design and whilst we will endeavour to keep the information up to date and correct for packaging placed on the UK market.

The information contained in this website is for general information purposes only. The information is provided by OPRL and PREP Design and whilst we will endeavour to keep the information up to date and correct, we make no representations or warranties of any kind, express or implied, about the completeness, accuracy, reliability, suitability or availability with respect to the website or the information contained on the website for any purpose. Any reliance you place on such information is therefore strictly at your own risk. By using the PREP, you agree that OPRL and PREP Design shall not be liable for any damage or loss that may occur as a result of any person or organisation taking or not taking action (including making a public claim with regard to packaging recyclability) on the basis of the information provided on this website.

To the fullest extent permitted by law, we do not accept any liability for any loss or damage arising out of, or in connection with, using this website or relying on the information on this website, including without limitation, indirect or consequential loss or damage, or any loss or damage whatsoever.

Every effort is made to keep the website up and running smoothly. However, OPRL and PREP Design take no responsibility for, and will not be liable for, the website being temporarily unavailable due to technical issues beyond our control. Scheduled maintenance and/or shutdown periods will be advised ahead of time, wherever possible.

Project Data Appendix

Overview	
Project	Recyclapeel PE
Description	PE laminated
Reference	
Markets	UK
Main Item	Skillet -
Separable Item	Lining -
Items	
Item Name	Skillet
Item Description	
Hazardous Contents?	No
Rinse	0
Primary Material	Paper - Cardboard
Total Weight (grams)	14
Food Residue, Fixed or Loose?	
Length, Width, Height (mm)	240 x 200 x 3
Inks	Non-water soluble ink
Secondary Materials?	No
Item Name	Lining
Item Description	
Hazardous Contents?	
Rinse	
Primary Material	Plastic - LDPE (4)
Total Weight (grams)	1.5
- Plastic Rigidity	Soft
Food Residue?	No
Length, Width, Height (mm)	240 x 240 x 1
Inks	None
Secondary Materials?	No
